However surprisingly, without any reason much less any sufficient reason, it is stated in your Notice dated: 29/01/2018 that the reply dated: 08/01/2018 has not been found satisfactory. This is flagrant violation of principle of natural justice and no fair opportunity has been afforded to the Opponent/Respondent to put up his/her defense. - vii) That thereafter, on application of abolition of proprietorship of lands in Diu Act, title of the entire land got extinguished and the same was vested in the Government by way of an enactment. However, the Government has never been in possession of the suit land. The Opponent/Respondent and his/her ancestors have been in settled possession of the suit land adverse to the right, title, interest

vegetables like 'Dhanabhaji', 'Pandadl', 'Bengan', 'Mirchi', 'Onions' etc. during other seasons, and also fruits from fruit bearing trees.

v) Whatever stated hereinabove in his Affidavit is true and correct to his personal knowledge.

12. **AND WHEREAS**, the Mamlatdar submitted his Written Statement / Written Arguments against written Statement/Reply to Notice in the said matter wherein the Applicant therein submitted the facts as under:-

i) The said land bearing survey No.171/0 situated at Nagoa, Bhucharwada, Diu is belongs to Government since prepared the records of rights and it is mentioned as Government land in entry No. 406 in the register of Form No.9 and also in the index register of lands (Form No.3) and no other name was entered in "other rights" column neither Tenant nor cultivator at that time.

13. Total area of the said land is 01.43.00 Ha. Ars i.e. 14300 Sq.Mtrs. and out of that 00.73.40 Ha. Ars. i.e. 7340 Sq.Mtrs. lands are Sandy land and other are Rocky Land i.e. uncultivable land as per the records. The Applicant/Appellant herein, submits its written arguments before this Hon'ble Court against written statement/Reply submitted by an opponent/respondent Shri. Kanji Lakhman who have encroached the said Government land bearing Survey No. 171/0(Part) area admeasuring 975 Sq.Mts. situated at Nagoa, Moje-Bhucharwada of District Diu as under;

(i) Whatever stated in para -1 & 2 of written statement/reply by the opponent/respondent is not acceptable and it is not pertained to the appellant/applicant.

(ii) Whatever stated in para -3 of written statement/reply by the opponent/respondent is not acceptable, because in reply of herself/himself an opponent says that she/he was in settled possession of the suit land since long i.e. since Portuguese regime. But as per records available in the office of the Mamlatdar, Diu, it is revealed that he/she has not claimed his/her possession before any court and she/he has not tried to enter her/his name in the records of right neither as tenant nor as cultivator till the issuance of the said notice.

(iii) Whatever stated in Para 4, 5 & 6, in that since the year 1949 Themulrasf Ardeshir and Homi Ardeshir owned these land bearing old survey No. 146 & 147. by public will dated 30/12/1942. And the said entry was registered in and Registration office, Daman and suit land is part of the said whole land. An opponent himself/herself mentioned that Themulrasf Ardeshir and Homi Ardeshir were owning the said land and they came into picture by way of will. And these both were not residents of Diu area and the former was resident of Mumbai and thought the opponent/respondent being very poor persons and not having ,livelihood of their family and due to that since the year 1955, the ancestors of the opponent/respondent had entered into part (i.e. Suit land) and cultivating suit. land

etc. Now in Para 3 of the reply an opponent/respondent says that he/she was in settled possession since more than 6 decades (i.e. since the Portuguese Regime) and in Para -6 she/he said that since 1955 his/her ancestors entered in to the suit land. This two contradictory statement made by an opponent/respondent in his/her written statement/reply of the notice and by way of wrong submission an opponent/respondent is trying to misguide this Hon'ble court.

- (iv) Whatever stated in Para - 7 in written statement/reply by the opponent that on application of abolition of proprietorship of lands in Diu Act, title of the entire land got extinguished and the same was vested in the Government by way of encroachment. And respondent claims that he/she was in possession of the said land. Now, if respondent says that he/she was in possession and due to enactment Government came into picture, then my submission is that on 5/04/1973 The Hon'ble Asst. Civil Administrator had published the notice and asking for claim if any in land of moje Cimbor, Bhucharwada, Ghoghla & Vanakbara but no one from the respondent had filed their claim during that prescribed time period. So, by way of this, respondent is creating hurdle in proceeding of the Government process.
- (v) Whatever stated in Para-8 of written statement/reply by the opponent is that he was farming since long and taking seasonal crop as well as vegetables. But as per the procedure and to prove their occupancy no one respondent has approached to the concern village authority to register their crop in crop Register and also they have not deposited any revenue (Mehsul) for the said till the date of filing this claim.
- (vi) Whatever stated in Para - 9 & 10 of written statement/reply by the opponent that many villagers were occupied entire lands since 1955 and some of them have built up their huts, but these all are illegal and encroached the said Government land.
- (vii) Whatever stated in Para-11 of written statement/reply by the opponent that the said respondent is becomes the owner of the said land by principle of adverse possession and by way of law of prescription under Portuguese Laws. If one moment We believe this then again question is that since 1955 and after that an enactment of Abolition of Proprietorship of Lands in Diu Act, 1971 this Respondent had never approached before any authority to prove his/her ownership under any provision.
- (viii) Apart from the above mentioned details whatever evidence submitted along with .his/her submission are manipulated and fictitious and against that I submits herewith;
- (ix) By way of Affidavit dated 14/02/2018 Lacmane Bawa has declared on oath in Para 6 of his affidavit that" That since the year 1955, the ancestors of the opponent/Respondent had entered and occupied the suit land, and started cultivating the same, and ever since, the opponent/Respondent and his/her ancestors are in possession of the suit land and they are possessing and enjoying

J. Sharma

and cultivating the suit land as owner, openly, peacefully, continuously, as of right and to the knowledge of all"

Now, question arise in that in the year 1955 this Lacmane Bawa was at the age of approx. 13years and he has files that "ancestors of opponent/respondent had entered in the suit land and he doesn't know the name of ancestors, then how his affidavit is valid and true as far as concern to prove an authenticity of occupancy? And another most important thing is that Mr. Lakhman Bava is also one of the claimant in this suit land as a respondent, then how his declaration is valid in this case?

14. By way of Affidavit dated 14/02/2018 Bagoane Lacmane has declared on oath in his affidavit that" That since I became of understanding age and as far as I can remember, I have seen the ancestors are in possession and cultivating land" the opponent/Respondent and his/her ancestors are in possession of the suit land and they are possessing and enjoying and cultivating the suit land as owner, openly, peacefully, continuously, as of right and to the knowledge of all"
15. Now, question arise in that in the year 1955 this Bagoane Lacmane was at the age of approx. 8 years and he has files that "ancestors of opponent/respondent are possessing the suit land, but Bagoane Lacmane doesn't know the name of ancestors of opponent/respondent, then how his affidavit is valid and true as far as concern to prove an authenticity of occupancy? And another most important thing is that Mr. Bagoane Lacmane is also one of the claimant in this suit land as a respondent, then how his declaration is valid in this case?
16. By way of Affidavit dated 14/02/2018 Kanji Bava has declared on oath in Para 3 & 4 of his affidavit that" That since the year 1955, the ancestors of the opponent/Respondent had entered and occupied the suit land, and started cultivating the same, and ever since, the opponent/Respondent and his/her ancestors are in possession of the suit land and they are possessing and enjoying and cultivating the suit land as owner,' openly, peacefully, continuously, as of right and to the knowledge of all"
17. Now, question arise in that in the year 1955 this Mr. Kanji Bava was at the age of approx. 5 years and he has files that "ancestors of opponent/respondent has entered in the suit land and he doesn't know the name of ancestors then how his affidavit is valid and true as far as concern to prove an authenticity of occupancy? And another most important thing is that Mr. Kanji Bava is also one of the claimant in this suit land as a respondent, then how his declaration is valid in this case?
18. By way of Affidavit dated 14/02/2018 Deva Rama has declared on oath in his affidavit that" That since I became of understanding age and as far as I can remember, I have seen the ancestors was in possession and cultivating land" the opponent/Respondent and his/her ancestors are in possession of the suit land and

Jhanna
01/06/18

they are possessing and enjoying and cultivating the suit land as owner, openly, peacefully, continuously, as of right and to the knowledge of all"

19. Now, question arise in that in the year 1955 this Deva Rama was at the age of approx. 1 year and he has files that "ancestors of opponent/respondent was possessing the suit land, but Mr. Deva Rama doesn't know the name of ancestors then how his affidavit is valid and true as far as concern to prove an authenticity of occupancy? And another most important thing is that Mr. Deva Rama is also one of the claimant in this suit land as a respondent then how his declaration is valid in this case?
20. The Opponent/Respondent has enclosed copy of Property Transfer Certificate with type copy of the same as evidence. But in that the executor neither mentioned about the Crop cultivation details and nor about the occupants.
21. Therefore, the appellant/applicant most respectfully submits and prays that whatever reliefs, asked by respondent/opponent in their application/reply/written statement in this case is vague and not as per the prevailing Law and the said Opponent/Respondent have encroached over this suit land and also constructed huts illegally and without any permission. So, in the interest of justice passed suitable order to remove the same and vacant the said land with immediate effect.
22. **AND WHEREAS**, Advocate for the Opponent/Respondent submitted his written notes of arguments as under :-
 - i) That the Opponent. Respondent has received Notice under S.40 of the Goa, Daman and Diu Land revenue code (hereinafter referred to as "the code" for brevity) with allegation of illegal encroachment on Government Land, directing the Opponent/Respondent to vacate the said land.
 - ii) The Opponent/Respondent has filed the detailed Reply/ written statement to the aforesaid notice, and in support of the reply, affidavit of Opponent/Respondent is produced along with affidavits of witnesses.
 - iii) The facts in respect to the suit property and the defense of the Opponent/Respondent is as under :-
 - 1) That the Opponent/Respondent is in settled decades (i.e. since the Portuguese Regime), since many years prior to coming into force the provision of and revenue code and hence the provision of S.40 of the code is not applicable to the facts of the present case, and that no encroachment is made after the coming into the face the provisions of LRC, and hence this proceeding is bad under the law and not maintainable.
 - 2) That originally since the year 1949, themulrasf Ardeshir and Homi Ardeshir owned all that agricultural land, bearing old survey numbers 146 and 147, situated at village nagoa of diu (hereinafter referred to as "the entire land" for the sake of brevity), by public will dated 30/12/1942. These entire land is deccribed in favour of Themulrasf Ardeshir and homi Ardeshir in the land Registration Office,

J. Sharma
01/11/2018

- Daman, Underd No. 2164 at Page NO.I01 of Book B-4th modern. The suit land is part of this entire land.
- 3) That both Themurasf Ardeshir and Homi Ardeshir were not residents of Diu area, the former was resident of Nasirabad and the later was resident of Nasirabad.
 - 4) That Thernulrasf Ardeshir and Homi Ardeshir were not residing at Diu District and this entire land being vacant and idle, and ancestor of the Opponent/Respondent being very poor persons and not having any source of livelihood, for livelihood of their family, since the year 1955, the ancestors of the Opponent/Respondent has entered into part of the aforesaid entire land (i.e. the suit land), and occupied the suit land, and stat-ted cultivating the same, and ever since, the Opponent/Respondent and his/her ancestors are in possession of the suit land adverse to the right, title, interest or share of the true owner, openly, peacefully, continuously, as of right, as owner thereof, and to the knowledge of all.
 - 5) That thereafter, on application of abolition of proprietorship of lands in Diu Act, title of original owner-s unto or upon the entire land got extinguished and the same was vested in the Government by way of an enactment. However, the government has never been in possession of the suit land. The Opponent/Respondent and his/her ancestors have been in settled possession of the suit land adverse to the right, title, interest or snare of the true owner, openly, peacefully, continuously, as of right, as owner thereof, and cultivating the same till date, to the knowledge of ail including the Government.
 - 6) That the Respondent and his/her ancestors are cultivating the Suit land. taking seasonal crop of Bajri during monsoon and also other crops and vegetables like 'Dhanabhaji', 'Pandadi', "Bengan', 'Mirchi, 'Onions' etc. during other seasons. Not only this, but .the Respondent and his ancestors have planted many trees, the age of many of the trees is more than 50 years. The details of such trees as well as other development in the suit land inclosing hut well etc., if any, is given in the Written Statement / Reply as well as Affidavit of the Opponent.
 - 7) That many other villagers of village Nagoa have also similarly occupied ether part of the entire lands, during the same period in the year 1955.
 - 8) Thus the Opponent/Respondent has become the owner of said land by principle of adverse possession and/or by way of law of prescription under Portuguese Laws.
 - iv) The Opponent/Respondent has become the owner of suit land by principle of adverse possession and/or by way of law of prescription under Portuguese Laws, and that the Opponent/Respondent has not made any recent encroachment. Thus there is a bonafide dispute of title raised by the Opponent, and this proceeding under S.40 of the Code, being of a summary nature, is illegal, wholly without jurisdiction and not maintainable.
 - v) Also, the said Notice under S.40 of the Code is vague, and without any details. The Notice and the proceeding initiated under S.40, is unjust, unlawful, without

J. K. Sharma
01/16/2018

any reasoning, contrary to the principle of natural justice and perverse. The Notice also lacks details with regards to the description of tile land for which the same is issued and its boundaries and area/extent. That the Notice is therefore illegal, arbitrary, and without jurisdiction, and no action can be taken against the Opponent/Respondent under provision of S.40 of the Code.

vi) It is settled law that the Government cannot evict the persons summarily who are having long standing possession and disputing the ownership of the Government. Such disputes can be decided by a competent Civil Court only. For this proposition of law, the following binding authorities are relied upon :-

(1) STATE OF A.P. vs. B. VENKATAMMA AND ORS. Reported in 2004 (5) ALD 605.

(2) GOVERNMENT OF ANDHRA PRADESH vs. THUMMALA KRISHNA RAO & ANR reported in 1982 AIR 1081: 1982 sec (2) 134.

That this proceeding under S.40 of the Land Revenue Code, being of a summary nature, is illegal, wholly without jurisdiction and not maintainable.

vii) Without prejudice to the above contentions, it is submitted that the proceedings before this Hon'ble Court (i.e. the Deputy Collector) is under S.40 of the code and the present case is based only on the ground of encroachment and not on the ground of unauthorized occupation. Hence this Hon'ble Court could not and should not have proceeded with this case under S.40 of the code and hence the show cause notice as well as proceedings taken by this Hon'ble Court (i.e. the Deputy Collector) is illegal, without authority, null and void ab initio and without jurisdiction.

viii) Therefore, taking into consideration the overall facts as well as the provisions of law, this proceeding under S.40 of the Code is without authority, invalid, null and void and illegal and without jurisdiction and I urge this Hon'ble Authority to reject the application of the Applicant, in the interest of justice.

13. **AND WHEREAS**, hearing in the Court of Deputy Collector, Diu was fixed on 08/02/2018 at 16:00 hours, on 15/02/2018 at 16:00 hours, on 13/03/2018 at 16:00 hours, on 26/03/2018 at 16:00 hours, and on 12/04/2018 at 16:00 hours;

14. **AND WHEREAS**, the following issues merit attention in determining whether it is an encroachment over government land or not:

a. Whether the undersigned is competent to conduct these proceedings? The answer is yes, since the powers under Section 40 for summary eviction of encroachment on government land have been delegated to the undersigned vide order no. 65-01-2014-LND/Part file/400 dated 06.05.2016 read along with Section 165 of GDDLRC and the judgment delivered by Hon'ble Supreme Court in *Govt. of A.P. v. Thummala Krishna Rao* [(1982) 2 SCC 134] has been distinguished by Hon'ble Supreme Court in "(2010) 2 SCC 461 and has observed that Special Tribunal having powers of Civil Court can decide the question of adverse

possession.” Moreover, the land is entered in the name of government in land records. Thus, the competency of the undersigned is unquestionable with regard to these proceedings.

b. The question whether the proceedings under section 40 of Goa, Daman and Diu Land Revenue Code (GDDLRC) are appropriate for eviction of an encroacher has been raised by the Respondent and the Respondent has cited two case laws in his defence:

i. STATE OF A.P. vs. B. VENKATAMMA AND ORS. Reported in 2004 (5) ALD 605

ii. GOVERNMENT OF ANDHRA PRADESH vs. THUMMALA KRISHNA RAO & ANR reported in 1982 AIR 1081: 1982 sec (2) 134

Both these case laws are not relevant to this case because of the following reasons:

i. In the first case law, the so-called-encroacher was paying land revenue to the Government since many years. Contrary to that, in the present case, the Respondent has never paid any land revenue to the Government or shown any animus to possess in any other form.

ii. The second case law pertains to private land being acquired by the government. This is also not related in anyway to the present case since the land has always been Government land.

iii. Thirdly, both the cases are of Honourable Andhra Pradesh High Court, whereas Diu district falls under the jurisdiction of Honourable Bombay High Court.

iv. Fourthly, if this contention of the Respondent is to be accepted, no case would ever be tried under Section 40 of GDDLRC, which is not what the law intends. thus, this proceeding has been rightly conducted under Section 40 of GDDLRC.

c. Moreover, Mamlatdar, Diu has submitted that no Respondent or their accentors filed an any application in due course to prove their occupancy if any and no one has applied from registration about their crops if any in crop register and also they have not approached to deposit applicable Government revenue as per the norms of the LRC of Goa Daman and Diu Land Revenue Code, 1968. This is a serious anomaly that the respondent has preferred to overlook rather than put cogent reasons in his defence. This shows that the animus to possess is glaringly missing in this case.

d. Further, another important fact to show that the animus is missing is that the then Asstt. Civil Administrator of Diu had issued notice No. MAM/Land/AP/73/3 dated 05/04/1973 wherein all persons who had any claim on any land were asked to file the same with the appropriate authority. The Respondent has failed to do so even at that time.

- e. The Honourable Supreme Court of India observed in **R.Hanumaiah & Anr vs Sec.To Govt.Of Kar.Rev.Dept.& ... on 24 February, 2010**: “17. Mere temporary use or occupation **without the animus to claim ownership or mere use at sufferance will not be sufficient to create any right adverse to the Government**(emphasis added). In order to oust or defeat the title of the government, a claimant has to establish a clear title which is superior to or better than the title of the government or establish perfection of title by adverse possession for a period of more than thirty years with the knowledge of the government. To claim adverse possession, the possession of the claimant must be actual, open and visible, hostile to the owner (and therefore necessarily with the knowledge of the owner) and continued during the entire period necessary to create a bar under the law of limitation. In short, it should be adequate in continuity, publicity and in extent. Mere vague or doubtful assertions that the claimant has been in adverse possession will not be sufficient. Unexplained stray or sporadic entries for a year or for a few years will not be sufficient and should be ignored. As noticed above, many a time it is possible for a private citizen to get his name entered as the occupant of government land, with the help of collusive government servants. Only entries based on appropriate documents like grants, title deeds etc. or based upon actual verification of physical possession by an authority authorized to recognize such possession and make appropriate entries can be used against the government. By its very nature, a claim based on adverse possession requires clear and categorical pleadings and evidence, much more so, if it is against the government.”

From the above judgment and facts elaborated in paragraph number 14 (c) and (d), it is clear that there is no animus in this case and thus the Respondent fails to establish the respondent's right to the suit land on the grounds of adverse possession even if we consider for a moment for argument's sake that the Respondent had possession of the suit land since the time he has claimed it.

- f. Further, the affidavits submitted by the witnesses of the respondent are all identical and cyclostyled copies of each other. The time period mentioned in each of them is 50-60 years, which means that the youngest witnesses must have been between 1 (one) year and 6 (six) years old, an age at which it is impossible to recall anything. This only shows that the affidavits are prepared without application of mind which renders them effectively meaningless. Further, only the last page of each affidavit is signed, which begs explanation.

In **S. Lingamaiah vs State Of A.P. And Ors.** on 9 January, 2004, the question whether on the basis of the averments made in the affidavits and counter-affidavits it can be said that the petitioner had perfected his title to the property by reason of adverse possession? The Court held that “merely on the basis of averments in the affidavit and counter-affidavits, it cannot be said whether or not the petitioner had perfected his title to the property by way of

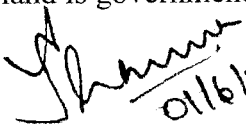

adverse possession.” Thus, even this contention cannot be accepted in support of the respondent’s case.

- g. Further, in **CIVIL APPEAL NO. 7444 OF 2009 RAJNARAYAN SHARMA/SSIRNAM SHARMA AND OTHERS** decided on September 12, 2017, Hon’ble Supreme Court had categorically held that mere oral evidence without documentary evidence is not sufficient to prove possession of land. In paragraph 7 of the said judgement, the Hon’ble Supreme Court observed, “7. *Having regard to the position narrated above, it is clear that there is no documentary evidence to show that the plaintiffs are in possession of the suit property and their case is only based on oral evidence, which is controverted by the defendants in their oral evidence, in our considered opinion, the High Court was not justified in holding that the plaintiffs are in possession of the property.*”

It is clear from the case file, the submissions, and facts of this case that there is no documentary evidence in support of the claim of the possession of the suit land by the respondent. Further, the statements of the witnesses of the Respondent have been controverted by the Plaintiffs. Thus, the Respondent’s claim on the basis of adverse possession stands rejected.

- h. Further, the witnesses of the Respondent are all interested parties since they have also encroached upon government land in the vicinity of the Respondent’s land. Honourable Supreme Court of India has held that such evidence should be examined more carefully than others. On examination of the affidavits, the contradictions and shortcomings as mentioned by the Mamlatdar in his written submissions have been found to be true and thus, on these grounds as well, the affidavits stand rejected.
- i. The assertion of the applicant that there are trees on the suit land does not prove in any way that the respondent or anyone for that matter legally possesses the suit land.
- j. Further, the Respondent has got a parcel of land under Abolition of Proprietorship of Lands in Diu Act, 1971 in vicinity of this land, but the Respondent has never made any claim on this land till the show cause notice was issued during the course of these proceedings. This shows that the Respondent’s claim of possession since 1955 is absolutely hollow and without substance.
- k. In contrast to the dubious and barely tenable claims of the Respondent, there is the unquestionable evidence that the land is government land, that there has never been any claim by the Respondent on the said land and that the Respondent’s defence is ridden with contradictions, unexplained loopholes and innumerable lacunae.

15. **AND WHEREAS**, it is evident from the above facts, submissions, reasons and judicial pronouncements of higher judiciary that the land is government land, that
